SANCTITY OF *Human Life* SUNDAY

Dear Pastor,

The sanctity of human life in Louisiana is in grave danger. All in the name of profit, abortion facilities right here in our state extinguish the lives of thousands of unborn babies each year. We've seen the closure of several abortion facilities in the state over the years, but three remain open. In addition, at least two more clinics, both in the New Orleans area, are attempting to get licensed by the state so they, too, can perform abortions.

We must speak on behalf of the innocent, unborn lives lost to abortion every year. We know the truth, that God created all life in His image to do his works. He knew us before we were born. He called to us in our mother's womb. The Bible tells us in Isaiah 49:1, "Before I was born the Lord called me; from my mother's womb he has spoken my name." The Bible tells us all people, including the unborn, are created in the image of God. The Bible tells us in John 1:3, "Through Him, all things were made." Clearly, all life is sacred, and all life represents the beauty of God's love.

Sanctity of Human Life Sunday is a great chance for you to deliver a positive and uplifting message about the dignity and value of all human life. We hope you will challenge your congregation to pray for the unborn and take a stand for life. This handbook provides ideas to assist you in promoting the gift of life by informing, equipping and motivating your congregation to help serve the cause of life in your area.

We hope this information helps you discuss the Sanctity of Human Life more effectively with your congregation. Thank you for your willingness to stand for all life, from conception until natural death!

For Life,

The Louisiana Right to Life Team

Understanding the Tragedy of Abortion

IN LOUISIANA:

- 7,488 unborn children lost their lives to abortion in Louisiana in 2020, according to preliminary statistics provided by the Louisiana Department of Health. That means there were, on average, 20 abortions per day.

- The largest number of abortions - 2,247 - were performed on women between the ages of 25-29. Women ages 20-24 were right behind at 2,094. There were also 1,009 women ages 35 and older and another 633 girls between the ages of 15-19 who had abortions as well as 21 girls under the age of 15.

- African-Americans make up about 32% of the state's population but account for 65% of the state's abortions in 2020.

IN THE UNITED STATES:

- Based on available data, 862,320 abortions took place in the U.S. in 2017, down 7 percent from 926,190 in 2014.

- 18% of pregnancies (excluding miscarriages) in 2017 ended in abortion.

- African American women make up only 13% of the female population (ages 15-44) in the U.S., but they accounted for approximately 36% of the abortions in 2015.

- On average women give at least 3 reasons for choosing abortion:

- 3/4 say that having a baby would interfere with work, school or other responsibilities.

- About 3/4 say they cannot afford a child.

- About 1/2 say they do not want to be a single parent or they are having problems with their husband or partner.

SANCTITY OF *Human Life* SUNDAY

Does Society Value the Lives of Unborn Human Beings?

It is estimated by the Guttmacher Institute that nearly three-quarters of a million abortions take place in the United States each year. The Guttmacher Institute states that 18 percent of all pregnancies (excluding miscarriages) end in abortion. The innate dignity of human life is assaulted by legal abortion. It is estimated that nearly 62 million abortions have occurred in the United States since 1973.

In addition to abortion, infanticide has a long history in the United States. It was in the news in 2019, when New York's Reproductive Health Act took effect, "protecting" women's reproductive rights up to and including the birth of the child. And in the past there have been cases around the country in which children have survived abortion attempts and then were left to die. Jill Stanek, a nurse who used to work in

What if I was never born?

What if I was never born?

the Chicago-area Christ Hospital, discovered that her hospital was participating in infanticide and brought the atrocity to national attention with her witness. The Grand Jury report on abortionist Kermit Gosnell brought to light one employee's disturbing testimony that hundreds of born-alive children were killed in Gosnell's clinic under his direction.

Clearly, our society is not placing enough value on the lives of children preparing to be born. Whether individuals incorrectly think they are not living human beings or go ahead with abortions despite recognizing the humanity of those babies, abortion and infanticide are violent acts that occur far too often in our society.

Assisted suicide is also expanding in the United States, and human life is being attacked from conception to natural death in America. What can we do as individuals, families, and a church to help our society value human life?

SANCTITY OF *Human Life* SUNDAY

"I call upon the citizens of this blessed land to gather on that day in homes and places of worship to give thanks for the gift of life, and to reaffirm our commitment to the dignity of every human being and the sanctity of each human life."

- President Ronald Reagan

What is the Sanctity of Human Life Sunday?

Background: On Jan. 22, 1984, President Ronald Reagan designated the third Sunday of January as National Sanctity of Human Life Day. Churches around the United States still use this day to raise awareness in their congregations about core life issues, such as abortion, euthanasia, assisted suicide, embryonic stem cell research, infanticide, and more. Pastors can take this opportunity to teach what the Bible says about the sanctity of human life and what the church can do to minister to the vulnerable in our society.

Why the Third Sunday of January? The third Sunday of January falls in close proximity to the anniversary of the Roe vs. Wade Supreme Court decision, handed down on Jan. 22, 1973, and legalizing abortion in all 50 states, in all nine months of pregnancy, and for virtually any reason (or no reason at all). With other events happening in January across our nation to call attention to the life issues, along with occasional media coverage, you will be able to magnify a timely pro-life message to your congregation.

What Should Churches Do? Pastors, elders and church leadership should utilize the timely opportunity of Sanctity of Human Life Sunday to shine the light of Jesus Christ and dispel the darkness of the culture of death. By setting aside time to remember the lives lost to abortion and the women hurt by abortion, we can take a step toward a day when abortion and all life-destroying actions will be unthinkable in America. This document should provide numerous ways, both large and small, to implement Sanctity of Human Life Sunday in your church.

SANCTITY OF *Human Life* SUNDAY

“I know it’s common today to think of abortion as a simple answer to an inconvenient problem – but it is actually a far more serious issue. Your child isn’t simply a mass of tissue; he or she is a human being in God’s eyes.”

- the late Dr. Billy Graham

God's Word about Sanctity of Human Life

What does the Bible say about Abortion? The Bible does not contain the word “abortion,” but the message is clear throughout: Human life is precious in the sight of God. As Genesis tells us, God created human beings “in his image,” and it is bestowed on each person in their “mother’s womb” (Psalm 139). Moreover, through the incarnation of Jesus Christ, God’s only Son, human life was joined to God in an even more sacred manner. And we can’t forget that Jesus’ life began as an innocent baby in his mother’s womb. Even John the Baptist, also an unborn child at the time, recognized this sacred dignity as he “leapt” in his mother’s womb on his first meeting with our Savior.

With the dignity of human beings established, the powers of sin and death seek to destroy innocent human life, just as Pharaoh did in the waters of the Nile, or Herod in the city of Bethlehem. And over the years as human life has been attacked in different ways, leading to the systematic destruction of life through abortion in modern times, we can trust that God desires for us to protect the innocent, since we know that God “hates hands that shed innocent blood” (Proverbs 6:16-17). Also, there are strict prohibitions on the unjust taking of life in Hebrew Law (Numbers 35:30, Deuteronomy 13:6-9, Genesis 9:6).

Finally, during his ministry, Jesus said in Matthew 19:14, “Let the little children come unto me, and do not hinder them, for the kingdom of heaven belongs to such as these.” If God sees the value of children, including the unborn, then surely Christians must take a stand against the taking of their lives.
