

# Love Them Both Garden Referring Partner Info

The Love Them Both Garden is a Mother's Day outreach of Louisiana Right to Life (LARTL) that supports pregnant women and new moms with practical items, encouragement, and a reminder that they are not alone. Partner organizations help identify moms in need, gather their wishlists, and ensure gifts are delivered with dignity and care.

## Which Clients Are Eligible?

Partner organizations may refer moms who are:

- Pregnant and/or parenting an infant under twelve months and facing financial or emotional hardship.
- Student parents may also be referred by college pro-life groups.

Organizations must be registered or approved by LARTL as pro-life aligned service providers.

## How Are Moms Referred?

- Partners give moms the Love Them Both Garden Intake Form where she can select her wishlist items.
- Moms may use their first name, a nickname, or initials.
- Partners may help moms complete the form and write her provided tag.
- Partner organizations confirm the mom has a genuine need.

## How Do Wishlists Work?

The intake form allows each mom to select:

- One big ticket item such as a crib, stroller, car seat, or pack 'n play.
- Baby essentials like diapers, wipes, lotions, bottles, blankets, & clothing.
- Items for herself including maternity clothes, postpartum care, or self care items.

Moms are encouraged to choose the most needed items. All donations depend on donor availability, and we work to meet as many needs as possible. Moms need to select their referring agency when signing up so we know which gifts go to which organizations. Please ensure she knows the name of the referring agency.

## How Do Moms Receive Their Items?

- Donors adopt mom wishlists by selecting a flower tag from a display at their church or other community venue or by signing up online.
- Each mom's items are packaged together & labeled with their tag.
- A care card is included from the donating family when available.
- LARTL notifies the referring partner when gifts for their moms are ready.
- The partner organization is responsible for arranging pickup or delivery to clients.
